Reviews

A whole new e book with a brand new standpoint. I have read through and i also am certain that i am going to planning to read again yet again later on. I found out this book from my i and dad advised this pdf to learn.

(Audrey Lowe I)

THE RIDGWAY ORNITHOLOGICAL CLUB OF CHICAGO, ILLINOIS, U. S. A, VOL. 1: BIRD MIGRATION IN THE MISSISSIPPI VALLEY (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Ridgway Ornithological Club of Chicago, Illinois, U. S. A, Vol. 1: Bird Migration in the Mississippi Valley During the Spring of 1882 a series of observations on the migration of birds in the Mississippi Valley was conducted under my supervision. The notes collected were published in the Forest and Stream during October and November of that year. A more extended series has been successfully conducted the past Spring, and it is intended in these articles to give the full notes from two points in the Mississippi Valley, namely, St. Louis, Mo., the observer here being Mr. O. Widmann, 4024 Carondelet Avenue; and Jefferson, Wis., where I was living the past year. This is done that these notes may serve not only as guides to future observers in determining when to look for each species, but as showing how necessary it is that observations to be at all satisfactory, should be full, accurate, taken almost daily, and connected with a careful record of the meteorology of the place of observation Full as these notes are, compared with the large majority of Spring notes, a careful study of them will show how much more valuable they would have been had they been connected with a third station mid-way between, and if in connection with them could be had an exact weather report from a place one hundred and fifty or two hundred miles south of St. Louis; since, of course, it will be readily granted by all, that it is not the weather of the place of arrival which controls the movements of our birds except in rare cases but rather the atmospheric conditions of the place...
