

Save the Monarch Butterfly

By Kenneth Eade

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.You can save the Monarch Butterfly From the #1 Best selling author of Bless the Bees comes the definitive solution for saving the beautiful Monarch Butterfly from extinction. Be a part of the solution The beautiful, stained glass wings of the Monarch butterfly used to be a frequent sight in North America. Now, unfortunately this majestic creature is threatened with extinction due to environmentally non-friendly agricultural practices which have all but destroyed the breeding grounds in the route of its fantastic 3,000 mile migration route. Learn the simple ways you can help save the Monarch from extinction, while at the same time learning how to save mankind. The Monarch Butterfly can't speak for itself, but it is trying to tell us something The Monarch is an indicator species. Endangerment of an indicator species is an indication of something terribly wrong in our environment. Scientists say that we are on the verge of a Sixth Mass Extinction. The last mass extinction was 65 million years ago, with the disappearance of the dinosaurs. Saving the Monarch is saving ourselves...

Reviews

Merely no words to explain. I really could comprehend everything out of this published ebook. I found out this publication from my dad and i suggested this publication to learn.

-- Prof. Margarita Ledner PhD

This written pdf is fantastic. It normally is not going to expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Gilbert Stroman
