This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

CREATIVITY IN THE PRIMARY CURRICULUM

Taylor Francis Ltd, United Kingdom, 2013. Paperback. Book Condition: New. 2nd Revised edition. 244 x 174 mm. Language: English . Brand New Book. Are you striving to establish a more creative and imaginative classroom? Are you interested in: * the generosity of creativity; * creative conjecture; * being an advocate for creativity; * welcoming the unexpected, * the unpredictable and the unconventional; * taking risks; * learning which leads to new or original thinking which is of value? If so, this completely updated new edition of a classic text will show you how to achieve these ideals. The book is written in a clear and practical way by leading researchers and practitioners, offering help and advice on the planning and implementation of effective creative teaching and learning, and providing examples of best practice through a rigorous theoretical rationale. It builds on this in its first and last chapters by addressing key cross-curricular themes that thread their way throughout the book. Throughout there is an emphasis on critical and reflective practice. New to this edition are: * three entirely new chapters on drama, music and geography; * an update of the introduction to account for advances in creativity research, policy and practice; * a new final chapter identifying cross-curricular themes; * greater attention to international dimensions and examples. In this second edition the authors are drawn from six universities which between them produce some of the best education research internationally, and some of the best teacher education. The authors also come from leading national and international organisations such as the National Gallery in London and the Geographical Association. Creativity for the Primary Curriculum is a core text for both training and practicing Primary teachers who wish to maintain...
